RESTORING OLD OAK BELL FRAMES A SPECIALITY

THE BELL FOUNDRY,

LOUGHBOROUGH,

ENG.

24 September 1952

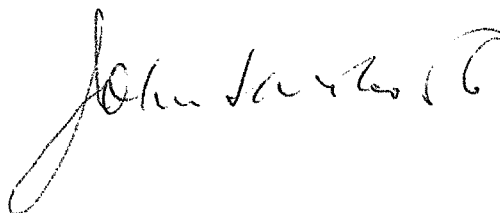

Dear Mr. Crook,
Deane Parish Church - Bells.

You will remember that in 1936, at the request of Mr. T.B. Worsley of Bolton, we inspected Deane Church bells and that in 1946 and again in 1950 we submitted to you various estimates, one for a complete restoration of the peal and another for new bearings, etc., only.

We trust we shall be excused in writing to ask whether there is any likelihood of either of these schemes being put in hand in the near future - if you would like us to call again when next in the district we shall be only too pleased to do so.

Respectfully awaiting the favour of your kind reply,

Yours faithfully,

Mr. M. Crook,
6, Manningham Road,
Deane,
Bolton,
Lancs.

Encs.

W/GP
