RESTORING OLD OAK BELL FRAMES A SPECIALITY

THE BELL FOUNDRY,

LOUGHBOROUGH,

ENG.

1 October 1952

Dear Mr. Crook,

Deane Parish Church - Bells.

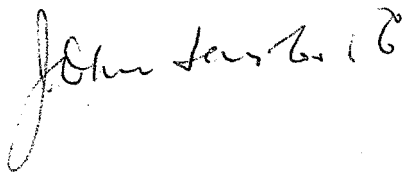

Many thanks for your kind reply to our letter of the 24th ult. and we are pleased to hear that the complete restoration of the bells is included in the scheme to celebrate the Quincentenary of your Church.

As you kindly suggest, we are writing to your Vicar, the Rev. K.M. Bishop, as per enclosed copy, and we will await hearing further from him in due course. We suppose it is possible you will be present when our representative comes and we will take the liberty of advising you when a date has been fixed.

Again with many thanks,

Yours faithfully,

Mr. M. Crook,

The Rev. K.M. Bishop, M.A.,
Deane Vicarage,
Junction Road,
Bolton,
Lancs.

Rev. Sir,

Deane Parish Church - Bells.

We recently addressed a letter to Mr. M. Crook, the Leading Ringer of your Church, with whom we had been in correspondence since 1946 regarding Deane Church bells, and Mr. Crook kindly replies to the effect that you would be pleased to meet our representative in the near future to discuss the question of restoring the peal.

We are therefore writing to ask whether Saturday morning, 25 October, would be a suitable day and time for you to meet our representative, who expects on the afternoon of that day to be present at the Ringers' Opening of the great new peal we have recently installed at Liverpool Parish Church. If this would not be a convenient date from your point of view perhaps you will kindly indicate an alternative day and time and we will arrange for our representative to come to suit your convenience.

Respectfully assuring you of our best care and attention,

Yours faithfully,

(Sgd.) JOHN TAYLOR & CO.
