M/s. John Taylor & Co.,

Gentlemen,

Deane Church - Bells

I understand from the vicar that you are awaiting the inscriptions to put on the bells. I regret the delay, but will be forwarding same in the very near future.

At a Parochial Church Council meeting last night, a query regarding the type of lettering to be used on the bells, was raised. Some criticism of some of the present lettering was made. I should be glad if you could kindly let me have samples of your letters, which could be used for inscriptions, so that I can submit them, & a choice made.

Thanking you in anticipation,

yours faithfully

W. Crook.
