Mrs. John Taylor & Co.

Gentlemen, I have pleasure in enclosing list of proposed New Inscriptions to be put upon the Bells when recast.

Regarding my query about the ~~the~~ type of letter to be used & your reply of the 26<sup>th</sup> ult., I am pleased to say that the lettering as submitted on the Tenor Bell in Leeds Parish Church is quite satisfactory, but we desire all the OLD LETTERING now on the bells, to be faithfully reproduced in facsimile as you suggest. If you have any criticism, or guidance to offer, about the new inscriptions, please don't hesitate to let me know.

I regret the delay which has taken place, but trust you will now be able to proceed with the recasting. I should be glad if you would kindly let me know the date when this will take place, as there is a possibility that one or two interested persons may like to visit your foundry on that occasion.

Yours faithfully.

M. Crook.
