Dear Sir,

Deane Church - Bells.

Thank you for your letter of the 26th inst., addressed to Mr. Fidler, and we will arrange for him to visit Deane Church again when in the district. In the meantime will you please confirm that what you suggest is moving the 5th and 6th ropes so as to give the ringers of these two bells a better sight of 3, 4 and 5. We take it that you do not suggest moving the ropes of the 3rd and 4th bells.

We therefore await hearing further from you on these points before we arrange anything.

Yours faithfully,

U/GP
